

Are you not feeling very romantic these days?
Have you lost your desire for physical intimacy?

Physicians Preference Pharmacy has *sexual enhancement* compounded prescriptions for both women and men

For Women and Men

OXYTOCIN is often referred to as the “love hormone” because of its role in intimacy and physical touch. Common sexual-related symptoms of oxytocin deficiency include sexual dysfunction, lack of sexual desire, erectile dysfunction, and vaginal atrophy. Levels of this important hormone naturally decline with age. The good news is that you can restore your oxytocin level with oxytocin sublingual tablets or nasal spray.

OXYTOCIN + TADALAFIL SUBLINGUAL TABLETS: Tadalafil is in a class of medications called phosphodiesterase (PDE) inhibitors, which may help with erectile dysfunction and the sensitivity of female genitalia during sexual stimulation by increasing blood flow to the genital area.

PHYSICIANS PREFERENCE INTENSITY CREAM is an arousal enhancing cream. It is a topical cream applied to the clitoris or external genitalia to improve intensity and frequency of orgasms. We have seen great benefit in women. This compounded combination of ingredients can increase blood flow to the applied area to increase libido (sex drive), the desire for sexual bonding, and has been reported to improve sensitivity and rates of orgasm.

Just for Men

SILDENAFIL OR TADALAFIL SUBLINGUAL TABLETS may be used to improve erectile dysfunction (ED, impotence, inability to get or keep an erection), and the symptoms of benign prostatic hyperplasia (BPH, an enlarged prostate) which include difficulty urinating (hesitation, dribbling, weak stream, and incomplete bladder emptying), painful urination, and urinary frequency and urgency in adult men. Together, **Sildenafil + Tadalafil** may be used to improve erectile dysfunction and can help with maintaining a longer lasting, firm erection.

Our Sexual Enhancement Products do require a prescription. Call Physicians Preference Pharmacy at **281-828-9088**. It will be our privilege to serve you!
